

Model 0710 Miter Saw

Proven a perfect fit around the world, in all sized operations.

- Guarantees precision cut miter every time
- Fast, versatile and affordable

The Evans Midwest Model 0710 Miter Saw guarantees precision cut miters every time. The custom designed top insures you 22 1/2 , 45, and 90 degree miters, without gauges, guides, or fences. The electric power feed mechanism has positive forward and reverse actions. Every Model 0710 Miter Saw comes equipped with the Evans Midwest Saw Guard, specially designed to provide maximum operator safety without sacrificing accuracy, workability, or production flow. The 0710 Miter Saw has proven itself both reliable and dependable within the countertop fabricators industry.

Also available with manual feed, model 0700. Single phase electrics available with either model.
